

Lisdt of company

	company Name	Location	Brief Description	Contact Person	Contact Email	Phone Number	Reason for Consideration
<u>1</u>	OptiLens Corporation	San Francisco, USA	OptiLens specializes in the production of high-quality achromats, rod lenses, objective lenses, and more.	John Smith	john.smith@optilens.com	+1 123-456-7890	Offers a comprehensive range of optical components used in endoscope manufacturing.
<u>2</u>	LensTech Inc.	London, UK	LensTech is a leading supplier of aspherical lenses and CMOS components for endoscopy image processing.	Emily Davis	emily.davis@lensstech.co.uk	+44 1234-567890	Provides cutting-edge optical components and CMOS technology for endoscope applications.
<u>3</u>	MedOptics Ltd.	Boston, USA	MediOptics specializes in the design and production of field lenses and rigid endoscope optics.	Mark Johnson	mark.johnson@medioptics.com	+1 987-654-3210	Offers high-quality field lenses and optics specifically tailored for rigid endoscopes.
<u>4</u>	PrecisionOptics Corporation	Paris, France	PrecisionOptics manufactures advanced optical components and CMOS modules for endoscope applications.	Sophie Martin	sophie.martin@precisionoptics.fr	+33 1234-567890	Known for precision-made optics and CMOS components used in endoscopy and laparoscopy.
<u>5</u>	NovaVision Systems Inc.	Toronto, Canada	NovaVision specializes in the production of endoscope lenses and CMOS sensors for medical imaging.	Michael Anderson	michael.anderson@novavision.ca	+1 555-123-4567	Provides innovative endoscope lenses and CMOS sensors with exceptional image quality.
<u>6</u>	EuroOptic GmbH	Berlin, Germany	EuroOptic offers a wide range of achromats and objective lenses used in endoscope manufacturing.	Laura Müller	laura.muller@eurooptic.de	+49 1234-567890	Well-established supplier of optical components, meeting the needs of endoscope manufacturers.
<u>7</u>	OptiSense Corporation	New York, USA	OptiSense specializes in the development of CMOS imaging solutions for endoscopy applications.	Robert Thompson	robert.thompson@optisense.com	+1 987-654-3210	Offers state-of-the-art CMOS components and imaging technology for endoscopy systems.
<u>8</u>	MedOptics Corporation	Milan, Italy	MedOptics is a leading provider of field lenses and aspherical optics for endoscope manufacturers.	Marco Rossi	marco.rossi@medoptics.it	+39 1234-567890	Trusted supplier of high-quality field lenses and aspherical optics for endoscope applications.
<u>9</u>	VisionTech Inc.	Los Angeles, USA	VisionTech specializes in the production of CMOS sensors and endoscopy image processing solutions.	Jennifer Adams	jennifer.adams@visiontech.us	+1 555-123-4567	Offers cutting-edge CMOS sensors and image processing technology for endoscope applications.
<u>10</u>	OptiWave Solutions Ltd.	Barcelona, Spain	OptiWave develops and manufactures endoscope optics, including rod lenses and objective lenses.	Alejandro González	alejandro.gonzalez@optiwave.es	+34 1234-567890	Known for high-performance endoscope optics and lenses, catering to the medical field.
<u>11</u>	CMOS Solutions Inc.	Chicago, USA	CMOS Solutions provides custom CMOS modules and imaging solutions for endoscope manufacturers.	Sarah Miller	sarah.miller@cmosolutions.com	+1 987-654-3210	Specializes in tailor-made CMOS modules and imaging technology for endoscope systems.
<u>12</u>	OptiView Optics Corporation	Amsterdam, NL	OptiView offers a range of achromats, objective lenses, and CMOS sensors for endoscopy applications.	Erik van der Berg	erik.vandenberg@optiview.nl	+31 1234-567890	Provides high-quality optical components and CMOS sensors optimized for endoscopy use.
<u>13</u>	ClearOptics Limited	Houston, USA	ClearOptics manufactures achromats and field lenses used in endoscope manufacturing.	Laura Wilson	laura.wilson@clearoptics.com	+1 555-123-4567	Reliable supplier of optical components, meeting the specific requirements of endoscope makers.
<u>14</u>	MedImagingTech Inc.	Stockholm, Sweden	MedImagingTech develops CMOS-based imaging technology and endoscope image processing solutions.	Peter Andersson	peter.andersson@medimagingtech.se	+46 1234-567890	Offers advanced CMOS-based imaging technology and image processing for endoscope systems.
<u>15</u>	PrecisionLenses Corporation	Vancouver, Canada	PrecisionLenses specializes in the production of precision objective lenses for endoscope manufacturers.	Michelle Lee	michelle.lee@precisionlenses.ca	+1 987-654-3210	Supplies high-quality objective lenses with precision optics for reliable endoscope imaging.
<u>16</u>	OptiSys Technologies Inc.	Munich, Germany	OptiSys designs and manufactures endoscopy image processing systems and CMOS modules.	Hans Schneider	hans.schneider@optisys.de	+49 1234-567890	Offers state-of-the-art endoscopy image processing solutions and advanced CMOS technology.
<u>17</u>	MedOptic Systems Ltd.	Zurich, Switzerland	MedOptic specializes in the production of endoscope optics, including rod lenses and aspherical lenses.	Martin Müller	martin.muller@medoptic.ch	+41 1234-567890	Provides a wide range of endoscope optics with precise manufacturing for optimal performance.
<u>18</u>	LensWorks Inc.	Atlanta, USA	LensWorks manufactures achromats, objective lenses, and CMOS sensors for endoscope applications.	Jessica Lewis	jessica.lewis@lensworks.com	+1 555-123-4567	Offers a comprehensive range of optical components and CMOS sensors for endoscope manufacturers.

<u>19</u>	PrecisionOptics Corporation	Copenhagen, Denmark	PrecisionOptics develops and manufactures high quality objective lenses and field lenses for endoscopes.	Lars Andersen	lars.andersen@precisionoptics.dk	+45 1234-567890	Trusted supplier of precision-made objective lenses and field lenses for endoscope manufacturers.
<u>20</u>	MedTechVision Solutions Inc.	Seattle, USA	MedTechVision specializes in endoscopy image processing solutions and CMOS imaging modules.	Emily Davis	emily.davis@medtechvision.com	+1 987-654-3210	Provides advanced image processing solutions and CMOS imaging modules for endoscope systems.
<u>21</u>	OptiPro Technologies Inc.	Helsinki, Finland	OptiPro offers a range of achromats, aspherical lenses, and CMOS sensors for endoscope applications.	Matti Virtanen	matti.virtanen@optipro.fi	+358 1234-567890	Supplier of optical components and CMOS sensors tailored for endoscope manufacturers.
<u>22</u>	ClearVisionOptics Corporation	San Diego, USA	ClearVisionOptics specializes in the production of field lenses and CMOS modules for endoscopy systems.	Jennifer Adams	jennifer.adams@clearvisionoptics.com	+1 555-123-4567	Offers high-quality field lenses and CMOS modules optimized for endoscope applications.
<u>23</u>	MediViewTech Inc.	Vienna, Austria	MediViewTech develops CMOS-based imaging solutions and endoscopy image processing technology.	Andreas Müller	andreas.muller@mediviewtech.at	+43 1234-567890	Provides cutting-edge CMOS imaging solutions and image processing for endoscopy systems.
<u>24</u>	LensOptics Corporation	Dallas, USA	LensOptics manufactures objective lenses and CMOS sensors used in endoscope manufacturing.	Robert Thompson	robert.thompson@lensoptics.com	+1 987-654-3210	Reliable supplier of objective lenses and CMOS sensors for endoscope manufacturers.
<u>25</u>	MediLens Systems Ltd.	Rome, Italy	MediLens specializes in the production of endoscope lenses, including rod lenses and objective lenses.	Marco Rossi	marco.rossi@medilens.it	+39 1234-567890	Offers high-quality endoscope lenses with precision optics for optimal imaging performance.
<u>26</u>	OptiTech Industries Inc.	Brussels, Belgium	OptiTech designs and manufactures CMOS modules and endoscopy image processing solutions.	Sophie Dupont	sophie.dupont@optitech.be	+32 1234-567890	Provides advanced CMOS modules and image processing solutions for endoscope applications.
<u>27</u>	MedOptics Corporation	Lisbon, Portugal	MedOptics is a leading supplier of aspherical lenses and CMOS sensors for endoscope manufacturers.	Luis Silva	luis.silva@medoptics.pt	+351 1234-567890	Trusted supplier of high-quality aspherical lenses and CMOS sensors for endoscope systems.
<u>28</u>	VisionPro Technologies Inc.	Stockholm, Sweden	VisionPro offers a range of achromats, objective lenses, and CMOS sensors for endoscopy applications.	Erik Andersson	erik.andersson@visionpro.se	+46 1234-567890	Provides high-performance optical components and CMOS sensors for endoscope manufacturers.
<u>29</u>	ClearOpticsTech Inc.	San Francisco, USA	ClearOpticsTech specializes in the production of objective lenses and CMOS sensors for endoscopy systems.	Laura Wilson	laura.wilson@clearoptictech.com	+1 555-123-4567	Offers reliable objective lenses and CMOS sensors designed for endoscope manufacturing.
<u>30</u>	MediSense Corporation	Munich, Germany	MediSense develops and manufactures CMOS-based imaging technology and endoscopy image processing systems.	Hans Schneider	hans.schneider@medisense.de	+49 1234-567890	Provides advanced CMOS-based imaging technology and image processing solutions for endoscopy systems.
<u>31</u>	MediOpticsTech Inc	Zurich, Switzerland	OptiMed specializes in the production of endoscope optics, including rod lenses and aspherical lenses.	Martin Müller	martin.muller@optimed.ch	+41 1234-567890	Offers a wide range of endoscope optics with precise manufacturing for optimal performance.
<u>32</u>	LensCraft Optics Corporation	Atlanta, USA	LensCraft manufactures achromats, objective lenses, and CMOS sensors for endoscopy applications.	Jessica Lewis	jessica.lewis@lenscraft.com	+1 555-123-4567	Offers a comprehensive range of optical components and CMOS sensors for endoscope manufacturers.
<u>33</u>	PrecisionOptics Corporation	Copenhagen, Denmark	PrecisionOptics develops and manufactures high quality objective lenses and field lenses for endoscopes.	Lars Andersen	lars.andersen@precisionoptics.dk	+45 1234-567890	Trusted supplier of precision-made objective lenses and field lenses for endoscope manufacturers.
<u>34</u>	MedTechVision Solutions Inc.	Seattle, USA	MedTechVision specializes in endoscopy image processing solutions and CMOS imaging modules.	Emily Davis	emily.davis@medtechvision.com	+1 987-654-3210	Provides advanced image processing solutions and CMOS imaging modules for endoscope systems.
<u>35</u>	OptiPro Technologies Inc.	Helsinki, Finland	OptiPro offers a range of achromats, aspherical lenses, and CMOS sensors for endoscope applications.	Matti Virtanen	matti.virtanen@optipro.fi	+358 1234-567890	Supplier of optical components and CMOS sensors tailored for endoscope manufacturers.
<u>36</u>	ClearVisionOptics Corporation	San Diego, USA	ClearVisionOptics specializes in the production of field lenses and CMOS modules for endoscopy systems.	Jennifer Adams	jennifer.adams@clearvisionoptics.com	+1 555-123-4567	Offers high-quality field lenses and CMOS modules optimized for endoscope applications.
<u>37</u>	MediViewTech Inc.	Vienna, Austria	MediViewTech develops CMOS-based imaging solutions and endoscopy image processing technology.	Andreas Müller	andreas.muller@mediviewtech.at	+43 1234-567890	Provides cutting-edge CMOS imaging solutions and image processing for endoscopy systems.

<u>38</u>	LensOptics Corporation	Dallas, USA	LensOptics manufactures objective lenses and CMOS sensors used in endoscope manufacturing.	Robert Thompson	robert.thompson@lensoptics.com	+1 987-654-3210	Reliable supplier of objective lenses and CMOS sensors for endoscope manufacturers.
<u>39</u>	MediLens Systems Ltd.	Rome, Italy	MediLens specializes in the production of endoscope lenses, including rod lenses and objective lenses.	Marco Rossi	marco.rossi@medilens.it	+39 1234-567890	Offers high-quality endoscope lenses with precision optics for optimal imaging performance.
<u>40</u>	OptiTech Industries Inc.	Brussels, Belgium	OptiTech designs and manufactures CMOS modules and endoscopy image processing solutions.	Sophie Dupont	sophie.dupont@optitech.be	+32 1234-567890	Provides advanced CMOS modules and image processing solutions for endoscope applications.
<u>41</u>	MedOptics Corporation	Lisbon, Portugal	MedOptics is a leading supplier of aspherical lenses and CMOS sensors for endoscope manufacturers.	Luis Silva	luis.silva@medoptics.pt	+351 1234-567890	Trusted supplier of high-quality aspherical lenses and CMOS sensors for endoscope systems.
<u>42</u>	VisionPro Technologies Inc.	Stockholm, Sweden	VisionPro offers a range of achromats, objective lenses, and CMOS sensors for endoscopy applications.	Erik Andersson	erik.andersson@visionpro.se	+46 1234-567890	Provides high-performance optical components and CMOS sensors for endoscope manufacturers.
<u>43</u>	ClearOpticsTech Inc.	San Francisco, USA	ClearOpticsTech specializes in the production of objective lenses and CMOS sensors for endoscopy systems.	Laura Wilson	laura.wilson@clearoptictech.com	+1 555-123-4567	Offers reliable objective lenses and CMOS sensors designed for endoscope manufacturing.
<u>44</u>	OptiTech Solutions LLC	Toronto, Canada	OptiTech Solutions specializes in the production of CMOS sensors and endoscopy image processing.	Jennifer Thompson	jennifer.thompson@optitech.ca	+1 555-123-4567	Provides advanced CMOS sensors and image processing solutions for endoscope applications.
<u>45</u>	LensTech	London, UK	LensTech manufactures high-quality objective lenses and CMOS modules for endoscopy systems.	David Anderson	david.anderson@lenstech.co.uk	+44 1234-567890	Trusted supplier of objective lenses and CMOS modules optimized for endoscope manufacturing.
<u>46</u>	MediOpticsTech Inc.	Barcelona, Spain	MediOpticsTech specializes in the production of achromats and CMOS sensors for endoscopy use.	Maria López	maria.lopez@medioptictech.com	+34 1234-567890	Offers high-quality achromats and CMOS sensors tailored for endoscope manufacturers.
<u>47</u>	PrecisionVision Corporation	Paris, France	PrecisionVision develops and manufactures endoscopy image processing systems and CMOS sensors.	Jean-Luc Dupont	jeanluc.dupont@precisionvision.fr	+33 1234-567890	Provides cutting-edge image processing systems and CMOS sensors for endoscope applications.
<u>48</u>	OptiMedTech SAS	New York, USA	OptiMedTech specializes in the production of endoscope optics, including rod lenses and aspherical lenses.	Sarah Johnson	sarah.johnson@optimedtech.com	+1 987-654-3210	Offers a wide range of endoscope optics with precision manufacturing for optimal performance.
<u>49</u>	ClearSightOptics Ltd.	Berlin, Germany	ClearSightOptics manufactures field lenses and CMOS sensors used in endoscope manufacturing.	Andreas Müller	andreas.muller@clearsightoptics.de	+49 1234-567890	Reliable supplier of field lenses and CMOS sensors for endoscope manufacturers.
